

“BIPPs were worth the investment for our forms. They saved a lot of time and headaches for us as a company. They also make providing any changes to the forms very easy to navigate. I would recommend them especially if you are exploring BI Publisher. It was all very easy to use and get set up.”

CORPORATE RISK MANAGER/FINANCIAL SYSTEMS ADMINISTRATOR, TEXTILE COMPANY

JDE DATA DRIVEN DOCUMENTS MADE SIMPLE

## BI PUBLISHER PACKS

A TIME SAVING SOLUTION FROM TEAMCAIN SOLUTIONS INC

BI Publisher Packs (aka BIPPs) are ready-to-use BI Publisher designs that provide you with an easy to install, maintain, adapt and time saving solution that also incorporates advanced features and best practices.

### WHAT ARE BIPPS?

- Preconfigured, easy to maintain, production ready designs
- Control logo display, global messages, watermark, language, brought forward totals and cumulative totals
- Most commonly used data fields already included in the designs
- Works with embedded BI Publisher that is already included in JDE
- Works with existing R55 – R59 versions
- Load and Go
- Save considerable development time!
- No annual maintenance fees- own your templates

### YOU CONTROL THE BEHAVIOR OF:

- Show/Hide Logo
- Show/Hide Watermark
- Activate/Deactivate Page and Running Totals
- Activate/Deactivate Global Messages at Start of Document
- Activate/Deactivate Global Messages at End of Document
- Language
- Internal File Name
- Terms & Conditions
